

# ECR 8200S

## The professional cash register for the retail market

Olivetti **ECR 8200S** is the professional cash register suitable for the retail market. Thanks to its programmable keyboard and overall SW performance, it can also be used in the hospitality sector.

It is equipped with a graphical operator display with 8 lines that allows easy-to-use programming and shows every transaction clearly.

With its flexible HW configuration this model offers superior operating versatility. The ECR 8200S is able to interact with a PC for programming and downloading reports, and it can be connected to most all barcode scanner devices for quick and easy item registration.

Moreover, following the requirements of the new 2018 fiscal law, on the SD memory card are stored all the sale transaction's items and all the machine data. ECR 8200S is equipped with a strong and roomy metallic drawer.

The SW performance is top-level: up to 2000 PLU, 99 departments, 10 departments group, 9 payment methods, 15 clerks, hospitality features, ABR (Automatic Business Receipt) and extra invoice handling, PLU pop list and PLU Stock control.

The possibility to program up to 5 different scrolling courtesy messages and its elegant design make for a pleasant relationship between customer and operator.

**PROGRAMMABLE KEYBOARD** that can be tailored to best satisfy the user's needs

Slot for the **SD MEMORY CARD** to store all data in compliance with 2018 fiscal norm

**GRAPHICAL OPERATOR DISPLAY** for immediate viewing of transaction details and easy system programming
